

Job title: SAP Project Manager

Role type: Permanent

Location: UK wide with a preference to Skelmersdale

Salary: Competitive + laptop + Apple iPhone X + Private Healthcare + additional benefits

The Role:

This is an excellent opportunity to join The Config Team and assist with the successful delivery of SAP logistics projects in a Project Manager capacity. Within the position you will assume a level of responsibility for a talented team of SAP consultants where your supportive, engaging and collaborative leadership style will ensure the successful delivery of the SAP projects. The role could also develop into a Consulting Manager position at The Config Team.

Key responsibilities:

- You will be responsible for the overall delivery of SAP projects, which may be multiple projects at any one time
- Management, coordination and allocation of project resources
- Assess and manage project risks, escalate as necessary
- Ensure consultant utilisation targets are met
- Ensure the smooth on-boarding of new customers to The Config Team
- To be a direct point of contact for The Config Team customers and manage the resolution of project challenges
- Build, maintain and manage good relationships with internal and external Stakeholders including supplier and partners
- Represent The Config Team at customer meetings including steer level meetings
- Ownership of budgeting, costing, forecasting and other financials related to projects
- Assist with pre-sales activity, RFP responses, quotations and SoW
- Any other reasonable duty upon request

Required skills and experience:

- You will be an excellent planner, organised and have a strong background in stakeholder management with the ability to handle issues with customers directly
- Experience of working with project management methodologies such as; Waterfall, Agile, PRINCE2, ASAP
- Proven history of delivering IT/ERP/Software projects
- Successful track record of meeting project deadlines
- Ability to gain successful outcomes from challenging situations
- Have a professional approach when dealing with internal and external stakeholders
- Excellent written, presentation and verbal communication skills
- Outstanding interpersonal skills

Desired experience:

- Hold formal certifications in one or more project management methodology such as; PMP, Waterfall, Agile, PRINCE2, ASAP
- Proven history of delivering SAP logistics projects
- Experience of managing projects in a logistics / manufacturing environment
- Functionally familiar with any SAP logistics module
- Previous line management experience
