

**Job title:** SAP Technical Consultant

**Role type:** Permanent

**Location:** Skelmersdale

**Salary:** Excellent, plus benefits

### The Role:

This is an exciting role where you will drive and deliver leading SAP application developments for clients whilst aiming to delight them through excellent stakeholder management and by meeting their expectations. Alongside developing new SAP mobile applications, you will also be core to the successful development work and delivery of SAP projects, particularly WM, EWM and Movilizer.

This is a great opportunity to gain exposure to; EWM, S4/Hana, Fiori, SAP applications and Movilizer.

### Key responsibilities:

- You will design, build and implement high specification SAP Logistics solutions to meet client requirements and expectations
- Be responsible for any client ABAP related support issues and enhancements
- Become familiar with client business operations and practices to best deliver solutions
- To keep up to date with the latest SAP technology, particularly within logistics and ABAP
- Maintain excellent stakeholder management throughout all areas of your work
- To elevate the customer experience, leaving them with the WOW factor
- You will draft project specifications, estimations and documentation where necessary
- Any other reasonable duty upon request

### Required skills:

To be successful within this role, you will have:

- A strong and successful background in ABAP coding having experienced at least 1 full lifecycle project
- Good experience of IDOCS, RFCs, SmartForms, BAPIs, BADI, ABAP Objects, ABAP
- A good functional understanding of SAP Logistics modules
- Strong commercial awareness, particularly within manufacturing environments
- The ability to maintain excellent stakeholder management throughout all areas of your work
- Excellent interpersonal skills

### Desired experience:

- To possess a broad range of programming language skills outside of SAP (VB, .NET, JAVA, HTML, CSS)
- Movilizer experience
- Sound functional understanding of SAP WM & EWM
- Exposure to S/4Hana
- Background in Logistics and/or Manufacturing
- Experience with Fiori

*Strength in Knowledge*

#### About you:

You will be an experience ABAP developer who is keen to work with S4/Hana, Fiori and SAP mobile applications. You will be a sociable team player who shares the same people-centric values that The Config Team has built its success upon.

#### About us:

We are The Config Team, an Investors In People Gold Award winning SAP Silver Partner, where our reputation precedes us as the SAP logistics specialists. We're an innovative bunch of SAP logistics experts with deep functional and technical knowledge who are proud to highlight our collaborative, supportive and friendly culture.

Over the past 20 years The Config Team has gone from strength – strength through constant exposure to complex supply chain challenges. We continue to pave the way and set high standards of SAP logistics and software solutions allowing our clients to achieve process excellence in manufacturing and logistics.

The knowledge rich and development friendly environment means there are lots of exciting developments happening at The Config Team. We have developed over 150 out-of-the box SAP mobile logistics apps, and with global projects happening across diverse industries, we continue to be challenged and win exciting bids.

#### Benefits:

- 32 days holiday per year including statutory UK Bank Holidays
- Private Bupa health care cover
- Computershare cycle to work scheme
- Computershare childcare vouchers
- Employee Assistance Programme (EAP)
- Legal cost discounts
- Up to 5% pension contribution
